

Forecast For Dumfries, Galloway, Lothian & Borders
Issued by Met Office Aberdeen
at 0400 on Monday 21 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Brightening up after and cloudy, damp start.

Today:
A rather cloudy start with patchy rain. However, soon dry and skies will brighten with a few sunny breaks developing. Winds light from the north or northeast.
Maximum temperature 18 deg C (64 deg F).

Tonight:
A fine end to the day with much of the cloud fading away, skies often clear overnight. Chilly around dawn as winds fall light. Minimum temperature 4 deg C (39 deg F).

Tuesday:
Dry and bright with some good spells of sunshine. However, cloud increasing from the west later, patchy rain possible over Dumfries and Galloway by midnight.
Maximum temperature 20 deg C (68 deg F).

Outlook for Wednesday to Friday:
Mostly cloudy with patchy rain and drizzle on Wednesday and Thursday, although some brighter spells in the east. Rain clearing south on Friday, bright or sunny spells developing.
